Our Clients

Our References

In an omnichannel world, retail and hospitality point of service (POS) systems enable employees to provide memorable service levels while also building customer loyalty.

Although our *product range* is already *extensive*, some products and services we *develop and offer ourselves*.

Throughout time we have designed and manufactured many type of 'self service kiosks' for a variety of customers ranging from *Woolworths Financial Services, DHL, Department of Transport, Kellogg's to Famous Brands* and many others

We offer fully customisable SLAs , configuration and staging services, asset management and stock control services.

We have a nationwide team of experienced technicians and a *well-oiled customer orientated support team*.
